ENGINE	
Туре	Rotax 1500 HO ACE
	Rotax 1630 ACE
Intake system	Supercharged with external intercooler
Displacement	1,494 cc (1500 HO ACE)
	1,630 cc (1630 ACE)
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR®
Starter	Electric
Fuel type	87 octane — minimum
	91 octane – recommended for GTX Limited 300

42.8 US gal / 162 I

ROTAX® ACE™ ENGINES (1500 HO ACE & 1630 ACE)

ERGOLOCK™ SEAT WITH STEPPED DESIGN

EXCLUSIVE LIMITED PACKAGE

ENGINE

and four valves per cylinder

iTC™ (Intelligent Throttle

Control) system

1.494 cc or 1,630 cc four-stroke, Rotax engines with maintenance-free supercharger, Rotax with three cylinders in-line external intercooler and the Advanced Combustion Efficiency (ACE) technology. The new Rotax 1500 HO ACE is optimized for regular fuel, faster and more powerful than its predecessor, but just as fuel efficient, while the Rotax 1630 ACE is the most powerful Rotax engine ever delivering high efficiency and amazing acceleration. Operating electronically, this advanced throttle

system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO[™] modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

iControl® Learning Key® The programmable Learning Key allows you to limit the performance of the PWC based on rider

D-Sea-Bel™ system Combines a series of resonators and vibrationabsorbing components to make Sea-Doo watercraft some of the quietest on the water.

Closed-Loop Cooling System Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

iControl The "Brain" that integrates and controls all systems to create the best possible ride. S³ Hull® Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water. Touring mode / Sport mode Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride - ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response ECO mode This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy Easy-open seat with convenient stay-open Hinged seat support struts. Provides easy access to the engine compartment while remaining attached to the watercraft. Ergolock seat with Seat with narrow profile and knee support that lets stepped design people sit in a more natural position and leverage

their leg muscles to hold on to the machine for more control and less upper body fatigue. Also featuring a stepped design for more comfort and better visibility to passengers.

Reboarding ladder Makes reboarding from the water easier and quicker. Ski tow eye For easy and secure attachment of ski rope. Watertight, removable Provides dry storage for luggage and necessities storage bin with easy access. Tilt steering 4 adjustable steering angles for maximum ease and comfort.

RF D.E.S.S.™ Key With radio frequency technology and a ball-andsocket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time

Off-Throttle Assisted Steering Provides the operator with additional steering effect (0.T.A.S.®) in off-throttle situations for greater maneuverability. Interactive Multifunction Digital Cruise control, Slow mode, VTS preset, Fuel Information Center consumption instant & average, Fuel level,

Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.

Handlegrips with palm rest Rear grab handle Seat strap Sponsons

Quick latch fuel filler design **Bumpers** Wide-angle adjustable mirrors Dual drain plugs

Large front storage compartment

Footwell carpets with Sea-Doo **Emergency floating lanyard** logo pattern

Swim platform carpet with Operator's guide, instructional video and booklet Sea-Doo logo

PROPULSION SYSTEM

iBR (Intelligent Brake & First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety Reverse) system since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner1 for greater peace of mind. All with the

squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.

Stainless steel impeller Delivers improved acceleration, higher top speed and less cavitation.

LIMITED PACKAGE

High-performance VTS™ The VTS adjusts the angle of the nozzle to change the (Variable Trim System) behavior of the watercraft and improve parallelism to the water. The high-performance VTS provides pre-set positions for quick settings. Additional gauge functions Depth finder. Time / Distance to empty. Altitude indicator. Water temperature Sea-Doo Speed Tie™ Automatic retractable mooring lines eliminate the hassles of traditional docking lines. Keeps contents dry and converts to backpack when removed. Safety equipment kit Contains all the essential safety equipment. Ideal to keep gear or cell phone dry; removable and Glove box organizer kit

Watercraft cover Protect your PWC. **Exclusive coloration**

OPTIONS

Retractable Ski Pvlon Wakeboard Rack Ski Module

X package module (Top / average speed / RPM, Lap timer and Engine temperature)

12-Volt Outlet and Installation Kit Bilge Pump Kit

Sandbag Anchor Fire Extinguisher

Snap-in Fenders and Installation Kit Sea-Doo Move Trailer

WARRANTY

BRP limited warranty covers the watercraft for one year.
