Wave Armor

NEW!

WAVE ARMOR® EVO 6 WAVE PORT

Now With an Extra 6" on Each Side

The EVO 6 PWC Wave Port is strategically designed with an extra 6" on each side of the platform, creating standing room while mounting/dismounting your PWC and a safe walking platform to/from your dock. The EVO 6 Wave Port features molded in direct connection pockets allowing it to be mounted as close as possible to your dock. This port can stand alone, connect to the Wave Dock System or to other floating or fixed docks utilizing one of our PWC Wave Port Attachment Kits (sold separately).

FEATURES:

- Rotationally Molded UV Protected Polyethylene Construction
- Foam-Filled Interior for Increased Buoyancy and Structural Integrity
- Smart Stop Soft Rubber Bow Stop with Stainless Steel Chain & Quick Clip Tie Down System
- Adjustable Soft Urethane, Self Lubricating Chrome Finish Wheels
- Stainless Steel Wheel Axel for Corrosion Resistance in Saltwater
- Larger & Wider Molded-In Wheel Pockets
- Molded-In Direct Connect Mounts
- One Set of Snap-In Caps Included
- Tan, Flagstone Textured Finish
- Made in the USA
- 8 Year Warranty
